

COMPANIES WITH MATCHING GIFT PROGRAM

Each organization has its own unique matching gift program. It is estimated that two thirds of companies match donations to most 501(c)3 organizations and educational institutions while the remainder matched to nonprofits which fall into one or multiple broadly defined categories such as:

- Higher Education
- K-12 Education
- Arts and Cultural Organizations
- Community Based Social Services
- Environmental Organizations
- Healthcare Based Organizations

This is a partial list of companies across the US that are matching their employee's charitable contributions. Can you find your company among them? If not, see your Human Resources Officer and be the one to put your company on this list!
